IMAGINE EDUCATION AUSTRALIA

2023

INTRODUCING IMAGINE ENGLISH'S EXCLUSIVE STUDY TOURS

For over 16 years, we have delivered premium, customisable Study Tour experiences to students aged 8 years and older, both on the Gold Coast and in Brisbane.

Here at Imagine, we strive to provide students with fully immersive cultural and learning experiences. Our Study Tour will give your child an invaluable opportunity to improve their English language skills while making friends and memories that they will treasure for a lifetime.

We provide students with all the best experiences that South-East Queensland has to offer. They will have the opportunity to cuddle a koala, visit our world-famous beaches, explore the top three theme parks in Australia, and so much more. Our homestay program also offers a unique chance for students to fully immerse themselves in a new culture, making new friends and improving their language skills along the way.

Thank you for trusting us to provide your child with the educational experience of a lifetime.

LOCATION

GOLD COAST

The coastal city of the Gold Coast is home to some of the most beautiful beaches that Australia has to offer.

Situated on the east coast of Australia, the Gold Coast is famous for its iconic highrise coastline, its sunny, subtropical environment and its laid back, beachy lifestyle.

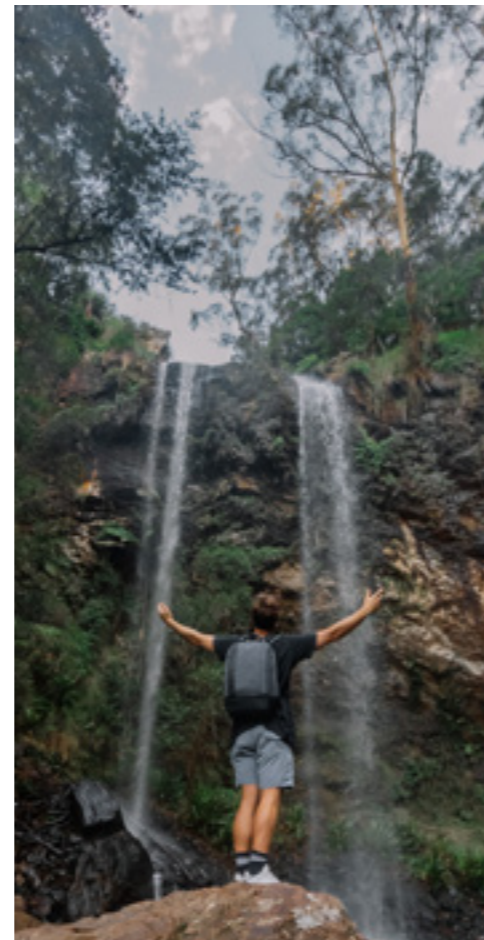

The city boasts a number of tourist attractions including theme parks, surf beaches, and the tallest building in Australia, Q1. It is also home to some of the world's most beautiful rainforests, waterfalls, and country landscapes. It is the ideal holiday destination for families and young people.

BRISBANE

Queensland's famous capital city, Brisbane, offers a world of exciting experiences.

Brisbane is one of the most livable cities in the world. It is famous for its warm weather, Queenslander architecture, jacaranda trees in spring, and food and restaurant scene. The city boasts a rich diversity of cultures and regular cultural events, transporting you to countries across the world through an abundance of different cultural food.

Situated on the beautiful Brisbane River, the city is also a hub of world-class arts, activities and local theater. Visitors can explore the beautiful botanic gardens, enjoy live shows, or visit the Queensland Art Gallery and Gallery of Modern Art – Australia's largest Gallery of Modern Art!

INTRO TO STUDY TOURS

WHAT TO EXPECT

As a parent, we totally understand that you want your child to have the time of their life, while also finding the time to gain some valuable English Language skills. Our Study Tours strike the perfect balance between leisure and learning. To achieve this, we design our Study Tours around three main pillars: English, Activities and Memories.

English

Our English Language program is designed around the Australian High School curriculum, using the same methods and textbooks which are found in Australian schools. We have a combined 140 years of experience in teaching High School English, and we will ensure that your child is provided with a world-class learning experience.

Activities

Our Study Tours offer a range of exciting activities. Each day will be filled with something new, from Australian cultural experiences, to holding a koala, to rock climbing or even watching whales jumping in the ocean. Each activity will allow students to take the English skills they have learned in the classroom and put them into practice in a supportive, real-life environment.

Memories

We will ensure that on our Study Tour, your child will make memories that they will treasure for a lifetime. The happy moments they share with their new friends in Australia will stay with them forever.

ENGLISH

First and foremost, our study tours provide students with an invaluable educational experience. As such, we ensure that learning is consistently prioritized throughout the trip, and remains at the forefront of each activity we facilitate. Our English Program is tailored to prepare students for study in an Australian high school.

The course content is based on the Queensland Secondary School core subject areas. This includes: English for Mathematics, English for Science, Academic Writing, and Public Speaking. The course is delivered by world-class teaching staff who encourage independent learning in a caring and supportive environment. The course material is delivered in a varied and engaging manner. We teach in modern classrooms with the latest in interactive whiteboard technology. Our activities and excursions compliment classroom learning, and students are also provided with the opportunity to participate in sporting and co-curricular activities.

Students studying this course will develop self-confidence, maturity, and self-awareness. They will also learn effective study habits to boost their language skills and confidence. We understand that every child is unique, and students often come to us with a range of abilities and learning difficulties. Our talented teachers are well equipped to cater for each student's individual needs, to ensure that all students reach their learning potential, and have a lot of fun along the way. Additionally, our homestay program provides students with an invaluable opportunity to hone their English skills in a practical setting. While living with an Australian family, students will be fully immersed in the Australian culture and language, which will help to accelerate their learning.

Key Features

- English classes follow the Queensland Junior, Middle and Senior School syllabus.
- Tailor made English program suited for each Study Tour.
- Fun and interactive class learning.

High School Emersion Options

We are proudly partnered with a selection of quality high schools, which provide high school immersion experiences to our students. After studying English with other International students, your child will have the opportunity to put their English skills into practice by meeting

Australian students of a similar age in a local school environment. The students will be paired up with an Australian 'buddy', who will provide a school tour, introduce you to their friends and show you a day in the life of a high school student in Australia.

The students and their Australian buddies will take part in a range of activities together. For example, this may include taking part in math or

music classes, participating in a dance performance, or practicing kicking a Rugby ball and enjoying the break time chatting on the school grounds.

The immersion program provides students with a fantastic chance to improve their language skills, make new friends, learn about the Australian lifestyle and share their own culture with others.

ACTIVITIES

Our Study Tours offer a range of exciting activities, which are a huge source of their popularity.

We have sourced all the best activities for your child. Each day will be filled with something new, from Australian cultural experiences, to holding a koala, to rock climbing or even watching whales jumping in the ocean. Each activity will allow students to take the English skills they have learned in the classroom and put them into practice in a supportive, real-life environment. Students will notice that as they continue to practice their

English during these activities, their confidence will improve quickly. Apart from providing valuable learning opportunities, our activities will also provide an exciting chance for students to safely step outside of their comfort zone, making new friends and learning new skills along the way. Every day will be filled with a fun new adventure, and we will ensure that students are exposed to a diverse range of new and exciting experiences.

MEMORIES

We will ensure that on our Study Tour, your child will make some of the happiest memories of their life.

This is so much more than just a Study Tour. It is a chance for your child to grow and expand their world view, to challenge themselves, to learn new skills, and build relationships that they will treasure for the rest of their lives. Many of our students stay in touch with the Australian friends they meet on our Study Tours, and they form life-long friendships. The memories your child will make in Australia will stay with them, and they will always think fondly of the time they spent here. Our Study Tours help to instill a range of

important values in our students. They are encouraged to be curious, to ask questions, to try new things, to meet new people and to explore a new sense of independence. All our activities are designed to bring out the best in our students, and to help them realize their full learning potential. Of course, we will capture all the memories made throughout the trip, and all the photos will be made available to you and your child. The smile on their face when they return home will be truly priceless.

SERVICES

HOMESTAY

Our homestay program provides the perfect opportunity for students to experience day-to-day life living in Australia. Students will have the chance to live with another family, and experience a totally different culture.

Our Imagine English Homestay families are sure to provide your child with a once in a lifetime cultural and English language experience. Students will make new Australian friends, hone their English skills, and make memories they will treasure forever. Living with a local family is the best way for students to get to know the local area, gain special 'local's knowledge', get an authentic taste of life in Australia, and of course, to practise their English! Students will be amazed at how quickly their English improves when they have the opportunity to practise with their host family in a casual home environment. Students will have the opportunity to share insights into their own culture with their host family, and learn about the typical Australian lifestyle. The homestay experience truly provides a unique, holistic approach to education and learning.
