<b>Regulations and standards</b>	Imagine Education Australia Standards for Registered Training Organisations 2015 (Standard 6)
<b>Policy</b>	<p>Imagine Education Australia provides the highest quality training for all students.</p> <p>Students will be closely monitored for academic progress to ensure they are getting high quality training and to ensure that they will complete their studies in the designated time period.</p> <p>1.1 Imagine Education Australia will monitor, record and assess the course progress of each funded student for the course in which the student is currently enrolled.</p> <p>1.2 Imagine Education Australia must assess each student’s progress at the end of each compulsory study period. Imagine Education Australia defines a study period as being 10 weeks.</p> <p>1.3 Unsatisfactory progress is defined as not successfully completing or demonstrating competency in at least 50% of the course requirements in that study period. Imagine Education Australia will define course requirements for each study period and will identify when a student has not demonstrated competency in 50% or more of the course requirements. The course requirements for each study period will also be made clear to the student at the start of the course during orientation.</p> <p>1.4 Imagine Education Australia has an intervention strategy for any student who is not making satisfactory course progress. It is made available to staff and students and specifies:</p> <ul style="list-style-type: none"> <li>i. procedures for contacting and counselling students;</li> <li>ii. strategies to assist identified students to achieve satisfactory course progress; and</li> <li>iii. the process by which the intervention strategy is activated.</li> </ul> <p>1.5 The intervention strategy includes provisions for:</p> <ul style="list-style-type: none"> <li>i. where appropriate, advising students on the suitability of the course in which they are enrolled;</li> <li>ii. assisting students by advising of opportunities for the students to be reassessed for tasks in units to demonstrate the necessary competency in areas in which they had not been previously able to demonstrate competency; and</li> <li>iii. Campus General Manager (CGM) will telephone and/or email the student to alert them to the seriousness of their situation and asking them to attend an interview with CGM to discuss how Imagine can assist with their studies</li> <li>iv. CGM will email the student’s agent</li> <li>v. The Trainer/Assessor may telephone and/or email the students parent/guardian/emergency contact</li> <li>vi. The CGM may arrange a meeting with the student, parent/guardian/emergency contact and Trainer/Assessor to re-negotiate the training plan</li> </ul> <p>1.6 At the end of each compulsory study period, students are assessed against the course progress policy. If a student is identified for the first time as not making satisfactory course</p>

progress, the intervention strategy as outlined in 1.4 is implemented. The intervention strategy must be activated within the first two weeks of the following study period.

However, if a provider identifies that a student is at risk of making unsatisfactory course progress before the end of the study period, the provider is encouraged to implement its intervention strategy as early as practicable.

1.7 If a student is identified as not making satisfactory course progress in a second consecutive compulsory study period in a course Imagine Education Australia will notify the student via email (and cc the Agent) of its intention to cancel their enrolment for unsatisfactory progress and ask them to attend an interview with GM to see how Imagine can assist with their studies. The provider does this through the written notice described in 1.8.

1.8 The written notice (of intention to cancel the student for unsatisfactory progress) informs the student that he or she is able to access the registered provider's complaints and appeals process under Standard 6, and that the student has 20 working days in which to do so. A student may appeal on the following grounds:

- i. provider's failure to record or calculate a student's marks accurately,
- ii. compassionate or compelling circumstances, or
- iii. provider has not implemented its intervention strategy and other policies according to its documented policies and procedures that have been made available to the student.

1.9 Where the student's appeal is successful, the outcomes may vary according to the findings of the appeals process.

- i. If the appeal shows that there was an error in calculation, and the student actually made satisfactory course progress (successfully completed more than 50% of the course requirements for that study period), the provider does not cancel the student, and there is no requirement for intervention.
- ii. If the appeals process shows that the student has not made satisfactory progress, but there are compassionate or compelling reasons for the lack of progress, ongoing support must be provided to the student through the provider's intervention strategy, and the provider does not cancel the student.

1.10 Where:

- i. the student has chosen not to access the complaints and appeals processes within the 20 working day period, or
- ii. the student withdraws from the process, or
- iii. the student lodges an appeal and is denied in the course of the College's internal appeals process and
- iv. 20 working days has passed and the student has not lodged an external appeal, or
- v. the student lodged an external appeal which resulted in a decision supporting the registered provider (i.e. the student's appeal was unsuccessful)

Imagine Education Australia will close the students file.

# Course Progress Policy and Procedure for Non-Student VISA Holders

	<ul style="list-style-type: none"> <li>• Course progress in a non-compulsory study period is to be disregarded when considering whether there has been unsatisfactory progress in two consecutive compulsory study periods.</li> <li>• If a student is identified for a second, but not consecutive, study period as not making satisfactory course progress, the provider does not cancel the student for unsatisfactory course progress.</li> </ul> <p><b>Compassionate or compelling circumstances</b></p> <ul style="list-style-type: none"> <li>• Compassionate or compelling circumstances are generally those beyond the control of the student and they have an impact on the student’s capacity and/or ability to progress through a course. Imagine Education Australia will use our professional judgment and assess each case on its individual merits. When determining whether compassionate or compelling circumstances exist, Imagine Education Australia will consider documentary evidence provided to support the claim. Imagine Education Australia will keep copies of these documents, together with a record of why the decision was made, in the student’s file.</p>
